WHY RESELLERS CONNECT TO PARKINGPRO

More coverage. Fewer complaints.

More coverage, one API
500+ locations in 10+ countries via one connection. New ones follow automatically.

Grow your business
More inventory, no extra development. Every new operator is instantly bookable.

Live availability & prices
Real-time capacity and rates. Full is full — no overbookings.

100% of bookings delivered
Not 95%, but 100% — straight into the operator's day list.

Fewer complaints
No missing info or unknown customers at the barrier.

Lower costs
Less customer service, fewer refunds, no manual retyping.

Flight data included
Flight numbers tracked live. Delays handled at the location.

Fast onboarding
Connect, test a trial booking and go live — with our support.

Platform 2 Platform booking distribution
We also facilitate bookings for resellers themselves: distribute your own parking products and bookings to other platforms through the ParkingPro ecosystem.

Connect once. Sell everywhere.

WHY IT MATTERS

Every booking right. Every time.

TYPICAL INTEGRATION

- ✕ Around 95% of bookings arrive correctly
- ✕ Missing flight, vehicle or customer details
- ✕ Operators retype bookings by hand
- ✕ Unknown at the barrier — complaints, refunds
- ✕ No barrier access — staff needed on site
- ✕ A separate integration for every operator

PARKINGPRO API
